Stewart's Weekly Gourmet Club Martha Stewart's Weekly Gourmet Club I wanted to pass this along to everyone and introduce it. The Martha Stewart's Weekly Gourmet Club is an easy way to introduce

yourself to someone new and share a fun and delicious snack or drink from Martha's new weekly magazine. They are simple to order, no obligation, and you can also add some of

Martha's favorite snacks to your box. You can either get it shipped to you or pick up the boxes at your local Publix or Harris Teeter.Q: AWK - extract

a number with a fixed width, not a fixed count For example: date 04-04-2016 10-10-2017 15-10-2019

I want to extract the number, like 2016104 2017105 2019115 I know I can use awk '{print \$2}'

to get the first number. But in the date format, it's a fixed width format, which means 2016104 can be a valid number. So, how can I extract the first n digits from the string? A: `awk -F- '{printf "%0" $1}'`
-F- means that characters of the input which do not match the regular expression - (a space) will be
